

SVARC Remote Guidelines – Dated 6-12-2024

Welcome to K0AJW Remote located in Minot, ND.

A 80 Meter antenna on #1 and a 40 Meter antenna on #2 that also works on 15 Meters.

Use the TXd button to transmit audio to the radio.

The TX button will NOT transmit audio.

To fix the no transmit audio on a Android smartphone, you must program your phone to allow audio. Go to Settings, Apps, RC for Client, Permissions, then make sure you allow microphone to be used for the ORB.

Thanks for reading and enjoy the remote!
